This is a new program K-W Water Polo will be running this summer.

It is a fun scrimmage evening of water polo. The players will show up and be divided into two teams and play. The coach may do some skills or ball handling drills during the hour. They should show up 5-10 minutes EARLY to stretch and get organized! Players should be between the ages of 8-14 and strong swimmers (CO-ED)

We know that some weeks some players will be away on holidays and anticipate that we should have 14-18 participants per evening - two teams of about 9. Lots of playing time!
